

PC-Pro Wiring

All wire is 20 gauge TXL thin wall automotive wire, except for the Ground wire, which is 18 gauge (to accommodate the load requirements of the fuel injectors).

Signal		Wire Color	Wire #	Connect to
Ground		Black	1	Ground
O - Unused	in	White	2	
	out	White w/Red	3	
Channel 1	in	Yellow	4	From ECU INJ-1
	out	White w/Yellow	5	To INJ-1
Channel 2	in	Gray	6	From ECU INJ-2
	out	Green	7	To INJ-2
Positive		Red	8	12 VDC
MAP transducer	in	Hose		
A - Unused	out	Pink w/Yellow	9	
	in	Tan	10	
Channel 3	out	Red w/Blue	11	To INJ-3
	in	Blue	12	From ECU INJ-3
